Meet the Clock in the Box BIO: the premium biometric time clock with time and attendance package for small business. Lightning fast, the Clock in the Box BIO time clock introduces an all-new, technologically advanced line of products to the Owl Time Clock family.

NEXT GENERATION TECHNOLOGY

The Clock in the Box BIO supports the next generation of biometric fingerprint and camera technology. Plus, it's WiFi enabled to instantly detect your network as the clock boots up, allowing connection with any WiFi network within seconds.

SOFTWARE IS ON THE CLOCK

With no software to install and all the functionality built right into the time clock, there is never a monthly fee and setup is a breeze.

SELF-ENROLLMENT TECHNOLOGY

New simple and fast self-enrollment technology.

VERIFY FAILED BIOMETRIC ENTRY

The Clock in the Box BIO time clock verifies 100% attendance with a built-in wide angle camera that captures failed biometric entries with a backup photograph – authenticates and alerts the manager of a failed employee punch-in/out.

EXPORTS SEAMLESSLY

Exports seamlessly to a CSV file and payroll programs, including:

- QuickBooks Pro, Premiere and Enterprise
- ADP desktop software
- Paychex Online Payroll
- Plus free API available to create custom exports

MULTIPLE ENTRY METHODS

PIN, proximity, biometric and web punch.

Grand Total (Format: Hundredths)											

Designed to meet the needs of a growing business, Clock in the Box BIO with newly enhanced Multi-clock, keeps up with changing location and connection requirements. Allows for up to 24 total clocks to connect together over your Internet network or WiFi.

EMPLOYEE SELF-ENROLLMENT

New self-enrollment technology, allows employees to self-enroll at the time clock, without requiring a manager present or on-site.

PHOTO VERIFICATION

Built-in email alerts automatically notify manager when there is a failed fingerprint scan. Device captures instant image of failed employee punch-in/out and sends out a photo verification alert.

WEB PUNCH ENTRY

Web Punch Entry allows remote employees to clock-in/out through a web browser on their PC, smart phone or device. Managers can view GPS verification of an employee punch to authenticate employee punch location.

The Clock in the Box BIO premium biometric time clock for small business does not require a subscription based service and there are no recurring or monthly fees.
